

FOODSERVICE

SAFETY CUTTING SOLUTIONS

We have hand-selected our most popular safety cutters for use in your food prep and processing operations.

At PHC & Klever, providing superior quality, high-performance safety cutting solutions to improve workplace safety and prevent costly merchandise damage is at the core of everything we do.

Consider your safety requirements, cutting application, and environment when selecting a safety cutter.

 NSF Certified options available

CONCEALED BLADE

Recessed blade offers maximum user protection and reduces the risk of damaging goods.

KS Series™

 100% Stainless steel handle, inner carriage and blade featuring tool-free blade changing.

The Original Klever Kutter™

 Compact safety cutter with stainless steel blade and our proprietary plastic for enhanced durability.

Kleen® Kutter™

 **Antimicrobial** Features a stainless steel blade and made from an antimicrobial material that inhibits the growth of bacteria on the product.

 Proudly manufacturing in the U.S.A. since 1950

FOOD PROCESSING

GROCERY / DELI / BAKERY

C-STORE / QSR / CHAIN

RESTAURANT / CAFETERIA

UNIVERSITY / HOSPITALITY / EVENT CENTER

Metal-Detectable Klever Kutter™

 Features a stainless steel blade and made with a highly durable metal-detectable plastic.

Metal-Detectable Klever Excel Plus™

 Designed with an extended-length handle and wider opening to offer cutting capabilities from tape to single-wall corrugate.

Metal-Detectable Disposable Film Cutter

 The metal-detectable DFC is the ideal choice for cutting cryovac, plastic bags, shrink wrap, paper bags and strapping.

NSF Disposable Film Cutter

 This easily-sanitizable safety cutting solution features a stainless steel blade.

RAZE™ Bag Cutter

 Features an enclosed stainless steel blade which helps to avoid loose blades in food service locations.

Kleen® XChange™

Antimicrobial
Reusable handle with replaceable multi-purpose head (35) easily cuts tape to double-wall corrugate while offering a sustainable solution for high-volume environments.

GUARDED BLADE

Advanced safety technologies and multi-use features paired with robust designs provide long-lasting, versatile safety cutters for rigorous environments.

Restaurant Safety Cutter

 **AUTO-LOCKING SAFETY HOOD**
The hood automatically closes to cover the blade at the end of each cut.

S5

USED IN MOST U.S. GROCERS
Delivers safe, quick and comfortable continuous cutting, minimizing hand fatigue. Features innovative 3-in-1 design.
